- f. Practice starts went really well. There was one incident where 2 intermediate racers from Group 2 went out with the Novice racers when they were doing their practice starts and then continued to do their session with Group 2.
 - g. Discussion about red flag not being shown near the end of a race when there was a crashed bike on the racing line. Each circumstance is unique and in this instance race control decided not to stop the race. It was noted that other clubs let racing continue in similar instances, but the executive concluded that safety is paramount and should always be the deciding factor for our events.
